## UP TO THE PEOPLE.

Palestine will always be just the town her people make it. It will not grow into a city unless the people make it grow by taking advantage of the opportunities offered.—Palestine Herald.

For Palestine, substitute the name of each and every town in Texas. Palestine is very quick to grasp her opportunities. So with the other towns. There's not much complaint to be found with Texas or the people who live in Texas.—San Antonio Express.

## IT CERTAINLY TOOK HARD WORK

In the meantime let no one forget even temporarily that Palestine is to have a split log drag at work as soon as it rains enough to justify its use.—Palestine Herald.

The Palestine Herald has labored faithfully to get this far along. The drag is in readiness and only awaits the suitable condition of the streets to be put to work. The Herald will be satisfied when it sees the results.—Denison Herald.

The pecan crop is reported a very fine one, so another money-maker can be scored for grand old Texas.

It reflects rather seriously on Palestine that so great a length of time is being consumed in raising that \$30,000 bonus for the new railroad.

Wall street has thrown several "panics" lately, and paused between each one to see how much scared the rest of the country was. Now, thoroughly disgusted at her failures to scare anybody, Wall street is quietly thinking.

The Denison Herald asks: "Why all this talk about a 2-cent a mile passenger rate at this time?" Why, Colquitt wishes to keep in the limelight. That is all. While the 2-cent rate is coming, perhaps the time is not yet quite ripe.

A Collin county farmer this year had four acres in onions, which, according to the Denison Herald, netted him \$704.80. He sold his crop at \$1 a bushel. Onions are a good crop for this county, and those grown here from the right seeds are of a delicious flavor.

## POINTED PARAGRAPHS.

Unless a woman can read between the lines she'll never know her husband like a book.

Many a successful man got his start in life by having a woman push him along in a go-cart.

When a man's success meets his expectations the latter are usually on their return trip.

Never start a modest man to talking about himself unless you have nothing to do but listen.

It's so much easier for a man to make a woman happy during courtship than it is for him to make good after marriage.

Experience teaches a few and fools many.

Women say that men are all alike,

but when two men fall in love with the same woman a difference soon exists between them.

Only a woman is capable of transforming a yawn into a smile.

When there isn't anything else wrong with a woman her shoes hurt. Many a man's good intentions are due to the headache next morning.

There is more or less charity in the heart of every man—usually less. Unless a man has sense in his head it is difficult to keep dollars in his pocket.

When a married man brings home a box of candy instead of a box of cigars, his wife imagines that he has been doing something he is ashamed of.—Chicago News.

## BASEBALL NOTES.

"Cy" Morgan, who couldn't pitch pennies for the St. Louis Browns, is "burning 'em across" for the Boston Maggies.

The Providence Eastern league team has defeated the Chicago Cubs, New York Giants and both Boston teams this season. Any minor league team should feel proud of this record.

Jack McCarthy, the former Brooklyn outfielder, now with Kansas City, is leading the American Association with the stick.

Dick Cooley has decided to stay in Louisville and not return to Topeka. Dick feels better now as the "Colonels" are in the first division.

The St. Louis Cardinals did not win a game from the Chicago Cubs until September 1. Then they won three in a row.

When the Pittsburgh club signed Joe Nealon he was touted as having Hal Chase wrapped up and ready to deliver. Now Pittsburgh is looking for another first baseman.

The Reading and Brooklyn teams of the Atlantic league are having one of the greatest pennant battles in the country.

It is said that this is Jack Doyle's last season in Milwaukee. In fact his only season as manager. The "Brewers" have done badly this year, and will wind up near the bottom.

The Cotton States league wants to expand to an eight-club circuit next season.

Joe Kelly's Toronto team has been showing up strong in numerous double-enders the past few weeks. As a rule Buffalo got an even break, but they have found that an even break is hardly good enough to overtake Kelly's Kids.

If ever one man won a pennant for his team that man is "Buffs" Raymond, late of the Charleston South Atlantic league team, and now with "David Harum" McCloskey in St. Louis.

Jesse Burkett now has two New England league pennants. Jesse says

## AN OPEN LETTER TO THE PHYSICIANS OF PALESTINE AND ANDERSON COUNTY:

Dear Doctor:

We have materially added to the efficiency of our Prescription Department by stocking the products of E. R. Squibb & Sons. The Squibbs line is exceedingly comprehensive, covering practically all the remedial articles in general use by the medical profession, and each is of the high quality and dependability which have made the name "SQUIBB" a synonym for integrity and accuracy.

Of particular interest are the SQUIBB FLUIDEXTRACTS, which are prepared by the process of reprecipitation, each being carefully adjusted to the prescribed standard and exhibiting the drug from which it is made in the fullest degree of therapeutic efficiency.

It is our aim to keep our Prescription Department supplied with none but the best, for which reason we have included the Squibb preparations. You are familiar with Squibb's Ether, Chloroform and Ergot, the standard everywhere. All other products of their manufacture are prepared with the same conscientiousness, high pharmaceutical and chemical skill, and from the very best grades of crude material which the market affords.

We shall dispense SQUIBB products upon your prescriptions unless otherwise instructed. We take an especial pride in our Prescription Department, paying the highest salaries and employing the best men in Texas. In our two stores we have five registered and experienced men. You are cordially invited to inspect our Prescription Department, and we will take pleasure in adding to our stock any special preparation that you may desire.

Thanking you for your kind words and support in the past, and hoping to be favored with a continuance and increase of your prescription orders, we are,  
Yours very truly,

BRATTON DRUG COMPANY.

## BILL WAS RETURNED AGAINST MILES DERDEN

The grand jury of Henderson county has returned a true bill against Miles Derden, growing out of the killing of John Mitcham a few weeks ago, and Mr. Derden's bond was fixed at \$5,000, which he readily gave.

His trial has been set for the 5th Monday in October, before the district court at Athens. Attorneys Watkins, Green and Richardson of Athens have been retained for the defense.
